Preface

Subscribers to this work will be pleased, I am sure, to note the additions which have been made this year. The listing of a good Bank in each County, it seems to me, ought to be of considerable As most transactions pertaining to real estate which are closed through banks, are handled at county seat towns, patrons of this directory will, as a general rule, find this all that is desired in the way of a Bank Directory, and will thus be saved the cost of a high-priced publication. Banks listed herein, while not in every case those of the largest capitalization to be found, are prominent institutions, having special facilities for handling collections and other non-resident business. Many of them are U.S. Depositories, all have large deposits and are very popular locally.

As in former editions, the most careful means have been employed in the selection of representatives in the other lines of business also. While it is not expected that I can become personally acquainted with all these parties or with their financial standing, the method of obtaining their names is such that I do not hestitate to assert that this is as reliable a list, considering the territory covered, as is possible to produce. Letters are sent to local bankers in the form as given below, and they, knowing the reputation, habits, financial standing and ability of these parties, make the selection for me, and on the postal card sent them for the purpose, they recommend them in very strong terms. In a few counties where there are no banks or where the one written to failed to reply promptly, the recommendations were made by some other prominent business man or county officer and their honesty and integrity vouched for.

(Form of letter sent to Bankers.)

Dear Sir:

Will you be kind enough to give me, on the enclosed postal card in the following order:

The name of one of the most reliable and responsible abstracters,

One of the best and most reliable real estate

agents, and

A first-class real estate lawyer in your town. If you will kindly select for me such men as you can recommend in these lines as being responsible, and who, in your judgment, would faithfully attend to any matters pertaining to real estate which might be entrusted to them, I will consider it quite an accommodation. Kindly answer promptly and give me, if possible, the names of three different men.

Yours truly,

The Special List of Abstracters approved by the Union Central Life Insurance Co. is also a new feature. It is needless for me to point out the advantage of this to Financial Correspondents of this company, or their sub-agents, or to describe the method of investigation employed before the names are placed on this company's approved list. Suffice it to say, that their requirements, as is the case with all large life insurance companies, are very rigid and to be classed as one of their approved abstracters is a strong recommendation in itself.

The matter which this publication now contains, if printed in larger type, on pulp paper, and spaced as some real estate directories are, is sufficient to make a very large volume. Believing that a bulky affair of this kind is in no way desirable, I have made this of a size to easily slip into a pigeon hole of a desk, where it is at all times available for ready reference.

Inasmuch as the revision has been so thorough and complete and we are now so far along in 1907, it is deemed that no further issues of this book will be necessary until January, 1909. In the meantime I hope all the reliable men whose names follow may enjoy the prosperity which they justly deserve and be able to give "Montgomery's" some credit for aiding in the cause.

G. B. MONTGOMERY, Editor.

# SPECIAL LIST OF ABSTRACTERS APPROVED BY THE UNION CENTRAL LIFE INSURANCE COMPANY.

(It will be understood that this list does not include all of the abstracters approved by the above mentioned company. The state pays no part of the expenses incurred in the collection of taxes. mortgagee may protect his interests by the payment of taxes on the mortgaged property, and reclaim the same with twenty-five per cent per annum. Such payment of tax is an additional lien upon the mortgaged property. Premptions and homestead entries are taxable before patent issued and if located before first of May are taxable for that year. Taxes may be paid one-half in January and one-half in July in each year. Where there is no agreement, on property purchased between December 31 and July 1, the grantee must pay the taxes, and where purchased between June 30 and January 1, the grantor must pay them. Property on which taxes remain unpaid is sold about October 1. It is the duty of every person subject to taxation to attend at the office of the treasurer between the first day of December and the first day of August of each fiscal year, and pay his taxes; and if such person shall neglect and fail to pay such tax until after the first day of August following the levy of the same, treasurer may make the same by and sale. All taxes shall be due and payable one-half on or before the last day of January and the balance on or before the last day of July of the year following the one in which they are assessed. In case the first installment of one-half the tax is not paid prior to February 1, then there shall be assessed against such installment of tax a penalty of one per cent for each month or fractional part thereof until paid, provided

it is paid prior to August 1. On the first of August the unpaid taxes of the preceding year become delinquent and shall thereafter draw interest at the rate of 18 per cent per anum, but the treasurer shall continue to receive payment of the same with interest until the day of sale for taxes. The county treasurer is required by law, prior to the 20th day of August in each year, to make out a list of all lands and town lots subject to sale, with an accompanying notice stating that so much of each tract of land or town lots described in said list as may be necessary for that purpose will on a day specified thereafter, be sold by him at public auction at the county treasurer's office the taxes and charges thereton and taxes thereof charges against the owner personal property. It is the duty of the town, city and county treasurers to mail notice to each person from whom taxes are due. The treasurer issues his certificate of sale to the purchaser of property at a tax sale. # LAWS OF CONNECTICUT

### Relative To

### TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, July 1st, 1907, by Henry C. Stevenson, Attorney at Law, 83 Fairfield Avenue, Bridgeport, Conn.

### Taxes.

On or before October 15th of each year the assessors of each town are required to give notice requiring all persons liable to pay taxes to bring in lists under oath, of the taxable property belonging to them on October 1st of the same year. Lists filled out are to be returned on or before November 1st, a separate description of each parcel of real estate being included. In the City of Bridgeport notice must be given on or before September 1st; and the lists are of property owned on September 1st and must be filed on or before October 1st.

If the resident taxpayer neglects to return such list, assessors are required to make a list for him

and add ten percentum thereto.

Taxable property of non-residents is arranged by assessors in separate lists and valued by the assessors acording to the best information to be obtained.

When the assessors complete their lists, arranged in alphabetical order, they must be lodged for public inspection in the town clerk's office on or before January 15th, except in towns of over 10,000 inhabitants where they are lodged in the town clerk's or assessors office

on or before January 31st.

All taxes are assessed as of October 1st (except in the City of Bridgeport where it is September 1st) and payable at various times, depending on the votes of each town, between March 1st and July 15th of the following year. As between grantor and grantee, if nothing is stated in the conveyance, the grantor in a deed dated after October 1st (in Bridgeport after September 1st) must pay the taxes. The grantee, however, must be prepared for the contingency of the grantor's default, for the taxes become a lien upon the real estate itself.

The rule of valuation is the present true and just value. Market value and not value at forced or auction sale is considered. In actual practice real estate is put in the tax list, as a general rule, at about three-quarters of the market value; in some towns as low as one-half; and in Bridgeport at full value. All land to be set in the list of the town where situ-

ated.

Collector gives notice by a newspaper advertisement of the time and place of payment of taxes. Taxes not paid within one month after same become due draw interest at the rate of nine percentum. The time set by the collector to receive them is the time when taxes become due.

If any person fail to pay taxes, the collector makes demand on such person, if a resident of the town, or

leaves a written demand at his usual place of abode. If a non-resident of the town collector makes demand or deposits in the mail, postage prepaid, a written demand for such tax, addressed to last known address. After such demand, collector may levy on the taxable personality of such delinquent, as in executions, and in default of such personality he may enforce by levy and sale of any lien on real estate, or levy on body of

Interest of any person in real estate which is legally set in his tax list, shall be subject to a lien for such taxes as are laid on such interest. Such lien shall exist from the first day of October of the year previous to that in which taxes become until one year after taxes are due. While lien exists and before it is continued by certificate it is subject to levy and sale completed before its expiration. Collector may bring suit for foreclosure of tax liens. Court limits time for redemption or orders sale of

property. The mode of selling land for taxes is as follows, briefly: Collector makes duplicate notices of his levy of tax warrant, containing name of tax payer, amount of tax, description of property, and time and place of sale, one of which is posted on sign post and the other filed in town clerk's office not more than ten weeks, nor less than nine, before time of sale. He also pub-lishes such notice at least once a week for three successive weeks in a town, or if none in the county, newspaper, beginning not more than ten nor less than

nine weeks before time of sale. He also mails a similar notice to the delinquent, and to any other persons who are interested. sale is by public auction, and the collector sells enough of the estate to pay the tax and charges, and within one week after sale executes a deed to purchaser, which is lodged in the town clerk's office for one year unrecorded. If the delinquent or any other person interested in the estate, within the year pays or tenders to the purchaser the amount paid by him with interest at twelve per centum, the deed is delivered to to him, who, if not the person primarily liable for the tax shall have a claim against the person primarily liable for the tax, for the amount so paid. chase money and interest be not paid within the year, the deed shall be recorded and be of full effect.

Collector may continue the tax lien by recording a certificate to that effect in the town clerk's office within the first year after tax becomes due, and thereon the lien shall continue, with interest at seven instead of nine per centum, until paid. No sale is good unless notice is given to encumbrancers by mail postage pre-paid at least four weeks before sale.

### Conveyances.

All conveyances of land shall be in writing, sealed by the grantor, and subscribed with his own hand, or with his mark with his name thereto annexed, or by his attorney authorized for that purpose by a power

executed and acknowledged in the manner provided for conveyances. The deed must be acknowledged by the grantor or by such attorney, to be his free act and deed.

Two witnesses are required to properly execute a deed of real property, but a deed defective in this particular is good to convey the equitable title, and a deed of land in Connecticut executed in another state in accordance with the laws of such state is valid. The word "Seal" or the letters "L. S." are sufficient as a seal.

A wife need not join in the conveyance of husband's property, as dower only attaches to that property of which the husband dies siezed.

A wife married before April 20, 1877, cannot give

A wife married before April 20, 1877, cannot give good title in a conveyance of her own real estate unless her husband joins or unless the husband and wife, during marriage, enter into a written contract for the mutual abandonment of all rights in the property of each other, and the acceptance instead, of the rights given by statute to persons married after April 20, 1877. A wife married after April 20, 1877, may convey her own property without joining her husband.

convey her own property without joining her husband. Acknowledgements may be taken, if in the state, by a judge of a court of record, a clerk of the superior, common pleas, or district court, a justice of the peace, commissioner of the superior court, notary public (with or without official seal), town clerk or assistant town clerk; or if within any other state or territory of the U. S., before a commissioner of the state of Connecticut residing in such state or territory, or any officer of such state or territory authorized by local law to take the acknowledgement of deeds. But no officer shall have power to take such acknowledgement except within the territorial limits in which he may perform the proper duties of his office.

No conveyance shall be effectual to hold lands against any other person but the grantor and his heirs, unless recorded on the records of the town in which the lands lie.

All conveyances of land of which the grantor is ousted by the entry and possession of another, unless made to the person in actual possession, shall be void.

The commission and oath of office of a notary public must be recorded by the clerk of the superior court in the county in which such notary resides. Any notary public may exercise his functions at any place in the state. It is not necessary for a notary public to state the date of expiration of his commission.

No action can be maintained to set aside any void tax deed unless the plaintiff shall offer to refund to the holder of the deed all taxes paid by the

holder and interest.

In addition to the above, in all incorporated cities there is a separate tax assessed to provide municipal revenue, payable to the city authorities. The date of the lien of these taxes, the date of payment, the amount of penalty, the provisions for sale, and redemption in cases of delinquencies vary with the charters of the different cities, for information in regard to which request should be made to the authorities of the city within which the property is less than the control of the city within which the property is less than the control of the city within which the property is less than the control of the city within which the property is less than the city within which the property is less than the city within which the property is less than the city within which the property is less than the city within which the property is less than the city within which the property is less than the city within which the property is less than the city within which the property is less than the city within the thorities of the city within which the property is located.

In addition to the above general taxes, a collateral inheritance tax is levied upon any property or income therefrom, passing by the will or the intestate laws of this state, or by deed to take effect in possession or enjoyment after the death of the grantor to or for the use of any other than the father, mother, husband, wife, legally adopted children or direct descendants of the testator, intestate or grantor, except property conveyed for some educational, charitable or religious purpose exclusively, amountcharitable or religious purpose exclusively, amounting to five dollars for each one hundred dollars for the clear market value of such property, due and payable at the death of the person making such property subject to taxation, upon which, if paid within six months of the maturity, a rate of interest of six per cent shall be allowed, or which is paid within more than six months and less than a year may be paid at face of the tax. After the expiration of one year, this tax bears the same rate of interest as other taxes, and its collection when delinquent is made in the same manner. It is provided, however, that if by reason of claims or other unavoidable causes of delay, the estate cannot be settled within one year from the decease of the decedent, the probate court may extend the time of payment, and during the period of such extension, the tax shall bear interest at only six per cent. # Taxes.

Since the Act of February 23, 1866, real estate is exempt from taxation for state purposes, hence assessments are made by local authorities for local purposes, and are not uniform throughout the state. The basis is the adjusted valuation fixed by the local authorities, and the rate varies according to local requirements, limited, however, by general legal restrictions.

Taxes are a lien from the date of assessment. "No county, city, borough, township or school tax levied or assessed shall remain a lien on real estate for a longer period than two (2) years from the time of said levy or assessment, unless the same shall, be entered of record in the prothonotary's office of the proper county in which such real estate is situated; and no lien so entered therefor shall remain a lien thereon for a longer period than five (5) years from the date of such entry unless the same be revived and continued by writ of scire facis within said period, and duly, prosecuted to judgment, as in the case of judgment liens." Act of May 4, 1889. (This act does hot apply to unseated lands.)

hot apply to unseated lands.)

"When any duplicate of taxes assessed is issued and delivered to the collection of taxes, it shall be the duty of said collector to give public notice as soon thereafter as can conveniently be done, by at least ten (10) written or printed notices to be posted in as many public places; in different parts of the township or borough, that the said duplicate has been issued and delivered to him; and all persons who shall within sixty (60) days from the date of said notice make payment of any taxes charged against them in said duplicate, shall be entitled to a reduction of five per centum from the amount thereof; and all persons who shall fail to make payment of any taxes charged against them in said duplicate, for six (6) months after notice given as aforesaid, shall be charged five per cent additional on the taxes charged against them, which shall be added thereto and collected by him." (Act June 25, 1885).

Personal property on the premises is primarily liable for the taxes. If the taxes are not paid, and no personal property is available, seated land may be sold for taxes remaining due and unpaid for two (2) years. Unseated land may be sold for taxes remaining due and unpaid for one (1) year. The period of

redemption in both cases is limited to two (2) years

redemption in both cases is limited to two (2) years from date of sale.

Tax sales must be advertised by the county treasurer thirty (30) days prior to the day of sale. The time of sale is not uniform throughout the state.

Deed to the purchaser issues immediately and becomes absolute in two (2) years if the land is not redeemed by the payment of taxes and costs, and twenty-five per cent additional:

"Unseated land of minors, sold for taxes, may be redeemed within two (2) years after they respectively, come of age. (Sidle vs. Walter, 5 Watts., 389).

In Philadelphia taxes are payable in advance on the first day of January. There is a discount till July 1. After September 1st a penalty is added which increases in amount attlater periods of the year. Taxes become delinquent after December 31st, as of the current year. In Pittsburg and Allegheny City taxes are payable in two equal installments, one in March and one in September. If the September installment is paid in March with the March installment, a discount of five per cent is allowed on the September installment. The March installment, is payable in March and April without discount. The September installment is payable in September, without discount if not paid with the March installment. If not paid during these respective months these installments go delinquent and a five per cent penalty is added. After about snine months they are advertised, if not paid, liens are filed in court and proceedings commenced to sell the property.

# TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, June 1st, 1907, by J. C. Otts, of Gaffney, S. C.

#### Taxes.

Taxes must be assessed between the dates of January 1st and February 20th, of each year, on a basis of 62 1-2 per cent of the actual value of the property as determined by the Board of Equalization. As between grantee and grantor they should be paid by the person holding title January 1st, for that year, but are a lien on real estate after the personal property of the owner is exhausted. They are due and payable to the treasurer of the county wherein the land is located, in one installment, from October 15th to December 31st of each year. If unpaid a penalty of 1 per cent attaches January 1st, and a penalty of 5 per cent if not paid before February 1st, and a penalty of 5 per cent if not paid before the 15th of March, after which date execution is issued by the county treasurer, in name of the state, and if the delinquent has not sufficient personal property in the county the real estate is levied upon by the sheriff and after advertisement in a county newspaper, or on court house door, if no newspaper is published in the county, for three weeks preceding the date of sale, is sold for cash, at the door of the court house, on a regular sales day. Two years from date of sale is allowed for redemption. If not redeemed within this period title becomes absolute in the purchaser.

#### Conveyances.

To be valid all conveyances of real estate must bear the signatures of two legal witnesses, to the execution thereof, and be under the seal (scroll with a pen

will do) of grantor.

In conveying real estate only the signature of the person in whom title rests is necessary, and if the grantor be a married man his wife must renounce her dower to the grantee by executing a peculiar form of release prescribed by statute. Wife has a dower right in all her husband's real estate during coverture. But it is a contingent interest, amounting to one third, dependant upon the husband dying first. The husband has no estate of courtesy in his wife's lands and she can convey same without his consent or signature.

Before being admitted to record the execution of all real estate conveyances must be proved, by one of the subscribing witnesses, before a notary public, or other competent officer having a seal and should be filed for record within 40 days of the date of exe-

cution.

## TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, May 23rd, 1907, by William H. Pratt, of Tacoma.

#### Taxes.

Due and payable on the first Monday in February annually. Delinquent June 1, annually.

The fiscal year begins on the first day of April, and taxes are payable the succeeding year on real estate to the county treasurer, as follows: On before the first day of February, after which they become delinquent and bear interest at the rate of 15 per cent, provided, however, if the taxes are equal to one dollar, one-half may be paid on or before the 31st day of May and the remainder will be extended without interest and may be paid on or before the 30th day of November following; but if the remaining half is not paid on or before the 30th day of November, then it becomes delinquent and bears interest at the rate of fifteen per pert per appuir. the rate of fifteen per cent per annum. A discount of 3 per cent is allowed on taxes assessed against real estate if paid prior to March 15th of the year in which they are due and payable. After taxes on real estate are delinquent, the county treasurer is authorized to issue and sell certificates of such delinquency to any-one who desires to purchase the same, which certifi-cates bear interest at the rate of fifteen per cent per annum. Certificates of delinquency are prima facie evidence that the property described was subject to taxation at the time the same was assessed; that the property was assessed as required by law; that the taxes or assessments were not paid at any time be-fore the issuance of the certificate; and that such cer-tificate shall have the same force and effect as a judgment execution and sale of and against the premises included therein." Three years after the first day of December next following the date of delinquency, the holder of the certificate is required to give notice to the owner of the property, that he will apply to the superior court of the county in which the property is situated for a judgment foreclosing the lien against the property mentioned; and the certificate holder is authorized to proceed by an action in court to foreclose his lien for the taxes and interest and have the property sold and thus clear the title. When any property remains on the assessment roll for which no certificate of delinquency has been sold, the treasurer is required to issue a certificate to the county or municipality entitled thereto, and deliver the certificate to the clerk of the county, and the same proceedings are to be had in the courts to obtain title as in the case of sale of the certificate to an individual.

Personal taxes become due and payable after thirty day's notice, given in February after the levy of taxes, and if not paid at the expiration of thirty days, the treasurer is authorized to distrain the personal property and sell the same for the payment of the taxes.

Anyone owning real estate in the county may notify the treasurer to charge his personal taxes to his real estate, and can then pay the same at the same time and same manner as he pays his taxes on his real estate. The treasurer also has the right to charge the personal taxes to the real estate of the party who owes the personal taxes, on the assessment roll, and thus make the personal taxes a lien on the realty.

## Conveyances.

No witnessess or private seals are necessary to the validity of deeds.

The husband and wife must join in the conveyance of all real estate which has been acquired subsequent

to marriage.

All property acquired by either spouse prior to marriage, or acquired by inheritance subsequent to marriage, is designated separate property and may be conveyed by either without the other joining in the transfer.

# LAWS OF WEST VIRGINIA Relative To TAXES AND CONVEYANCES.

Prepared expressly for Montgomery's Real Estate and Legal Directory, June 1st, 1907, by Williams, Scott and Lovett, of Huntington.

#### Taxes.

The assessment of taxes begins April 1st annually, and should be completed by June 20th. All property shall be assessed at its true and actual value, that is to say, at the price at which such property would sell if voluntarily offered for sale by the owner thereof, upon such terms as such property, the value of which is sought to be ascertained, is usually sold, and not the price which might be realized if such property was sold at a forced sale. A special assessment of real estate has been made for the years sessment of real estate has been made for the years 1906, 1907 and 1908, and the values thereby ascertained will be used for purposes of taxation till the year 1909; beginning with the year 1909, all real estate, as well as personal property, will be assessed annually at the true and actual value, as aforesaid. As between the grantor and grantee, taxes on real estate are a lien as of the first day of April of each

year.

The sheriff is directed to commence the collection yearly on August 1st, or as soon thereafter as he receives copies of the land and personal property books. In practice the collection usually begins about October 1st. While the sheriff, as ex-officio treasurer, is directed to collect, no demand for taxes is necessary, and it is the duty of every person subject to taxation to attend to the assessment and payment of taxes within the time limited by law.

They are payable at one time, and no provision is made for payment by installments.

The sheriff is ex-officio treasurer of the county, and of all school districts therein, and to him all state, county and district taxes must be paid.

state, county and district taxes must be paid.

A discount of two and one-half per centum is made

when taxes are paid on or before the last day of

November.

They are returned delinquent on or before the first Monday in June of the year succeeding the year for which they are assessed, with interest added at the rate of twelve per centum until they are paid. If real estate is redeemed after it is returned delinquent; interest will be added at the rate of twelve per centum per annum, and when redeemed after a sale, a commission of five per centum to the sheriff, costs of sale, and such taxes as may have been paid thereon by the purchaser, with interest on the same, will be added. Before it is returned delinquent, notice is given by the purchaser for two weeks in two newspapers and publication for two weeks in two newspapers, and posting at the front door of the court house.

On or before November 1st in each year, the auditor of state certifies to the sheriff of every county the real estate delinquent for non-payment of taxes in any previous year. Within ten days thereafter, the sheriff causes a notice of sale to be published for four successive weeks in a newspaper and posted for the same time at the front door of the court house, and on the first day of the next November or December the first day of the next November of December term of the circuit or county court, whichever may be held first, or if no term of either be held in said months, then on the second Monday in December next thereafter, the real estate is sold for the said taxes, interest, costs and commission, at public auction at the front door of the court house.

Real estate may be redeemed within one year from the sale, by paying to the purchaser the amount paid by him thereon and such additional taxes as may have been paid by the purchaser, with interest on said purchase money and taxes at the rate of twelve per centum per annum from the time they were paid, or if the state purchased, by paying into the state treasury, within one year after the sale, the amount of all taxes with interest and costs. An infant, married woman or insane person, whose real estate may have been sold during such disability may remay have been sold during such disability may redeem the same within one year after the removal of such disability, by paying the taxes, purchase money, interest and costs, and such additional taxes as may have been made by the purchaser, with interest on the said items at the rate of six per centum per annum from the time the same were paid.

A deed may be made to the purchaser of land sold by the sheriff for taxes, after the expiration of one year from the sale, by the clerk of the county

Title becomes absolute after the expiration of one year after the sale, subject to the saving as to persons under disability.

When the state is the purchaser, title vests absolutely at the expiration of one year, but the land must be sold by the state in a suit in equity instituted by the commissioner of school lands for the county, and at any time before a final decree in that suit, the former owner may redeem.

1000 shingles, laid 4 inches to the weather, will cover 100 square feet of surface, and 5 pounds of shingle nails will fasten them on.

One-fifth more siding and flooring is needed than the number of square feet of surface to be covered, because of the lap in the siding and matching.

1000 laths will cover 70 yards of surface, and 11 pounds of lath-nails will nail them on. Eight bushels of good lime, 16 bushels of sand, and 1 bushel of hair will make enough good mortar to plaster 100 square vards.

A cord of stone, 3 bushels of lime, and a cubic yard of sand will lay 100 cubic feet of wall.

Five courses of brick will lay 1 foot in height on a chimney, 6 bricks in a course will make a flue 4x12 inches; and 8 bricks in a course will make a flue 8x16 inches.

Cement 1 bushel and sand 2 bushels will cover 31/4 square yards 1 inch thick, 41/2 square yards 3/4 inch thick, 63/4 square yards 1/2 inch thick. One bushel cement and 1 of sand will cover 21/4 square yards 1 inch thick, 3 square yards 3/4 inch thick, and 41/2 square yards 1/4 inch thick yards 1/2 inch thick.

#### GRAIN WEIGHTS, MEASURES, ETC.

WEIGHTS OF GRAIN.—Following are the commercial weights per bushel in general use in this country. The legal weights in some cases differ from the figures here given, but in business such variations are usually disregarded. To avoid such cases of misunderstanding, and for greater convenience of computation, the "central system"—i. e., the quotation of prices by the

HAY MEASURE.—About 500 cubic feet of well settled hay, or about 700 of new mown hay, will make a ton. To estimate amount of hay in mow—ten cubic yards of meadow hay weigh a ton. When the hay is taken out of old stacks, 8 or 9 yards will make a ton. Eleven or twelve cubic yards of clover, when dry, make a ton.

#### GRAIN MEASURE.

The standard U. S. bushel is the "Winchester bushel," which is in cylinder form, 18½ inches in diameter and 8 inches deep. It contains 2150.4 cubic inches. TO FIND THE QUANTITY OF GRAIN ANY BIN WILL HOLD. Rule.—Multiply the height, length and breadth together in inches and divide by 2150.4; the quotient will be the number of hydrole.

be the number of bushels.

SHORT BUT ACCURATE RULE FOR SAME. Multiply length, breadth and height in feet together; multiply this by 45 and divide by 56; or, to simplify: multiply by 4 and divide by 5.

Example.—A bin 16 feet long, 8 feet wide and 14 feet high will hold how many bushels?

 $16 \times 8 \times 4 = 1792.$   $1792 \times 45 = 8064$ -80640.

 $80640 \pm \overline{56} \pm 1440$ . Ans. 1440 Bushels.

TO FIND THE QUANTITY OF GRAIN WHEN HEAPED ON THE FLOOR IN THE SHAPE OF A CONE.

Rule.—Square the depth and square the slant height Take their difference and multiply by depth in inches. and this product by .0005. The result will be the con-

tents in bushels.

## FARM LOANS

More money is being invested in Farm loans at present than ever before.

The Loan Agent to compete successfully finds a DIRECT connection for cheap and elastic funds imperative. Moneys obtained through a middle man leave no profit and the funds of the large life insurance companies, while cheap, are surrounded with too many restrictions and red tape to be desirable.

The funds of savings banks, large private investors, and holders of trust funds control the best farm loan business today.

"Bonds and Mortgages," Chicago, is the oldest farm loan publication in this country and reaches the best class of buyers of these securities whose confidence it enjoys. A number of its subscribers invest from \$100,000 to \$500,000 annually in farm mortgages. It claims to offer the quickest and most effective introduction to the best buyers of farm loans in this country.
